Strategic Plan For Performance Improvement -2022

LONG TERM

- ✓ Zones within the first 50 in island rank should maintain the current rank or move up in rank

- ✓ Zones who are not within the first 50 in island rank should come within the first 50 zones in rank.

- ✓ Change the cause/causes to uplift the performance of identified hotspots such as changing the school heads , training teachers and providing teachers

SHORT TERM -2022
• Conduct Diagnostic tests to identify the students
• School based programs for the identified students
• Aware the principals , ZDEs of identified hotspots and give them the targets to uplift the performance
• ELAP for identified students (Gr 11)
